

Striver

PEER PRESSURE ISN'T THAT BAD (sometimes)

Adriano Boccardo Pochettino
Ezequiel Damian Lopes

THE IDEA

- Easy to begin a journey, harder to complete it
- Automated apps are not good enough
- Helping people realising goals thanks to peer pressure
- Bringing people together by sharing achievements

TERMINOLOGY

STRIVER

The people, but not anyone! Only the ones that really want to take on a challenge

CIRCLE

Your friends, or not?
People you enjoy being with, but that also challenge you

GRIND

Your mission.
The task you will challenge head first and really want to complete

OUR TIMING

STAGE 1
Research and
prepare

STAGE 2
Plan and mock

SAGE 3
Build and test

SAGE 4
Deliver

TOOLS & TECHNOLOGIES

NodeJS

Simple and quick
backend system

React

Powerful and easy to
convert to mobile

MongoDB

Storage Flexibility

Figma

UI prototyping tool

FIREBASE

Simple and quick login
service

GitHub

Powerful and widely
known versioning
system

Trello

Simple and heavily
customisable kanban
board

Postman

API Testing tool

APP OVERVIEW

Circles

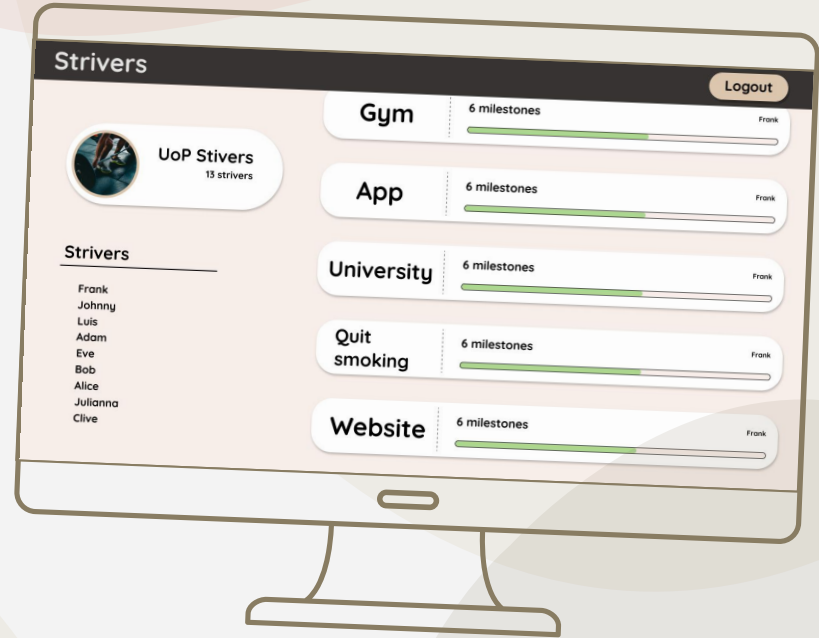

A place to see all your circles and jump right into the action

APP OVERVIEW

Circle details

Here's where the real **peer pressure** begins - compare yourself to your peers and make sure you are never lacking!

APP OVERVIEW

Grind

See the grind details, either yours or from someone else. Keep track what you do, day by day, to make sure you have a constant and steady improvement

DEMO!

Here you can see how we planned it to go, and
how it actually went

FUTURE DEVELOPMENTS

SECURITY

Usually ignored during
hackathons

MESSAGING

Ping your peers

SHARING

Allow users to easily share circles

The background features several overlapping circles in soft, muted colors: light pink, light beige, and light grey. A thin, wavy red line curves across the upper portion of the image.

THANK YOU
